Education

University of Alabama at Huntsville

Bachelors of Science in Aerospace Engineering

Honors College | Freshman

Huntsville, AL

2026 - Current

Class of 2030

Professional Experience

Undergraduate Research Assistant

Robotics Control Lab under *Dr. Farbod Fahimi*

- Currently designing a data-collection circuit with a Pi Zero and plunger-style limit sensors to detect harness to ground contact on a humanoid robot during training.

Huntsville, AL

August 2026 - Current

Career Ambassador

UAH Office of Career Services

- Currently working 5hrs/week training to review resumes and one-on-one career consultations

Huntsville, AL

September 2026 - Current

AEOP Research Internship

Computational Fluid Dynamics Research Intern under *Dr. Daniel Foti*

- Authored "Background Removal in Cavitation Flow using Machine Learning," outlining a novel method to eliminate background noise from cavitation videos while preserving vortex shedding eddies for joint research at the University of Memphis and the University of Michigan.
- Implemented a Spectral DNS solver to simulate turbulent flows. Achieved high-order numerical accuracy without high-performance computing resources.
- Studied computational fluid dynamics analysis techniques of spectral proper orthogonal decomposition through analysis of high-speed cavitation videos.

University of Memphis

Memphis, TN

May 2025 - August 2025

Leadership Experience

Space Hardware Club Two Month

Electrical Team Lead

- Led a team to create the schematics and block diagram to design a Robotic Arm to perform various challenges.
- Created a team structure of weekly sub-team lead meetings to facilitate further technical communications across the entire team.

Huntsville, AL

August 2026 - Current

Memphis Buddhist Vihara Temple

Community Organizer

- Help coordinate Vesek Day, a Buddhist holiday, for over 60 individuals.
- Led a small band to perform in front of a 30-person crowd.
- Taught and reinforced Buddhist scripture to children at the temple.

Germantown, TN

August 2022 - August 2026

HHS Badminton Club

Co-Founder/Vice President

- Assisted in communication with school administration to create a new club that promoted an uncommon sport.
- Facilitated practices and a tournament for my club members and schools.
- Inspired individuals to pursue an interest or hobby in badminton.

Germantown, TN

August 2022 - May 2024

Germantown Legends Soccer

Team Captain

- Guided Germantown Legends Soccer Team to 5th in Tennessee.
- Empowered team members through speeches and directed warmups.
- Orchestrated weekend 11v11 scrimmages with teammates and invited others to cultivate connections to improve player collaboration and technical performance.

Germantown, TN

August 2022 - May 2024

Awards, Recognitions, Skills, and Certifications

Awards:

- 901Hacks Hackathon - 2nd Place with C# - Cash Prize \$125,
- National Merit Commended Scholar
- GMSD Top Scholar
- All-State Clarinet in Tennessee 20th Chair Clarinet placed out of approx. 300 clarinets
- AP Scholar
- National Top School Recognition

Coding Skills: Python, C#, C++

Software: Autodesk Inventor, Solidworks, EasyEDA, Ubuntu

Certifications: OSHA 10-Hour Certification
